

Orgasm*c Lovers

by Kaya Jiwan

Orgasm*c Lovers is a training for people who long to explore the depths of love, sex and intimacy. We will dive deep into relationship dynamics through touch and the language of the body. Learn how to open up the body of your lover, how to read the levels of arousal and relaxation, how to create magic together through body based experiences.

Orgasm*c Lovers is not an airy fairy woo woo light training but a meeting of yourself and your lover in the shadows of self and in the layers of protection that keeps you safe .
